

SUMMARY

The Falcon is a premium highbay solution for commercial and industrial applications. This LED luminaire delivers a new industry benchmark of 200Lm/W. With Multi-Watt selectable technology, it offers the flexibility and convenience of up to 4 wattages in 1 fitting, allowing installers to cater to a broader range of needs with fewer variants. Rated IP65 and IK08, it features an integrated dimmable driver and a pre-wired flex and plug for quick and easy installation. The Falcon can be easily transformed into a motion controlled highbay with a simple plug-and-play microwave sensor (available separately).
